DUI DOG Rally & Demo Tour - San Diego- Saturday, March 20th

About the Facility:

Test dives will be conducted at the National Polytechnic College of Science Kearny Mesa Campus. This site features a 15' deep dive tank used to train students in various disciplines of commercial diving. Bathroom/ Changing rooms are available on site. Be sure to bring full SCUBA tanks as there are no air fills available at the dive site.

About the Event:

Prior to the demo, each diver will be fitted with the appropriate drysuit and accessory DUI equipment. Once you are dressed and ready to dive, you will check in with the dive-master in charge who will assign you an instructor or divemaster as a guide. As soon as there are 2-3 people ready to go in the water, an experienced divemaster or instructor will escort you on your dive. You can do as many test dives as you wish. With more than 110 suits of various sizes there usually is little wait. If you'd like to test dive a specific model of suit, please let the staff know so that they can do their best to make one available for you.
